Name of Event: Environment Restoration

Date: 18 August 2020

Press Release

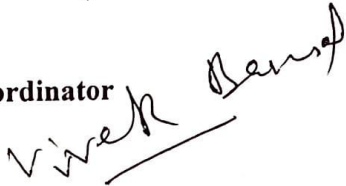

Ecosystem Restoration

Invertis University organised poster competition and slogan writing on the theme Environment Restoration in the campus to promote water conservation, plastic ban, afforestation, and ways of reducing dependence on fossil fuels. This program demonstrated the positive impact of collective efforts in tree planting, reducing plastic activities and the overwhelming response to educational sessions.

In a display of its commitment to wards protecting the environment, Invertis University, Bareilly conducted competitions on 'Ecosystem Restoration' on August 18, 2020, which witnessed participation of faculties, staff members including students, and parents. The poster making competition was organised to highlight the many initiatives that the university has undertaken. Students and faculty members planted saplings in the campus.
