Dear Mr. Sarathi Prasad Gouda,

Greetings from Yakult!

Thank you for showing interest in Yakult Factory Tour.

In the reference to your request, we can plan your physical visit on **27th Sep-2022 at 12:30 pm and on 4th Oct-22 at 11:00 am**, but there are some protocols that are mandatory to follow for the Yakult factory visit.

1. **Wearing Mask (its upto visitors)**
2. **Double dose of vaccination is required for everyone**
3. **Cold and cough infected individuals will not be allowed (if found they have to wait inside the bus)**
4. **We can accommodate 60 students in one group.**

The duration of the session at the factory is approx. 1.5 hrs.

Following are the activities we organize for students in factory:

- Presentation on probiotics, their history and relevance in maintaining good health
- Watch the production process

Kindly acknowledge your suitability for the same. Accordingly, we'll confirm your visit.

Thanks & Regards
Divyanshi Bajpai
Jr.Executive – QA, Science & PR.

LOVE YOUR INTESTINE

Visit & Follow us on:

Dear Ms.Divyanshi,

I hereby write this letter on behalf of the Corporate resource Center in Invertis University. I wish to request permission to conduct two industry visits in your company Yakult India

Factory in Sep end and on 1st week of Oct (Physical visit)

Invertis University is one of the most professionally sought-after academic institutes in the country, established in the year 1998, Invertis University stands tall as a conglomerate of nine institutes. **The University campus spreads over 50 acres having more than 6000 students.** It has carved a niche for itself in the academic circles as a premier institute with an intense focus on nurturing technical competence and the holistic development of its students. It is prudent to highlight that Invertis University has emerged as one of the biggest private universities in Uttar Pradesh having 15000+ alumni and 5000+ students enrolled for **Ph.D., postgraduate, and undergraduate programs** across a wide spectrum of academic disciplines such as **Engineering (09 branches), Management, Pharmacy, Education, Applied Sciences and Humanities, Journalism and Mass-communication, Fashion designing, Biotech, and Law.**

The group visiting your factory includes 40 third-year students and four faculty members on 5th May 2022. And the Virtual Industrial Visit will be attended by 100 students on 6th April 2022.

The purpose of this visit is to engage students in practical experience in the Manufacturing processing as this is part of the curriculum. We hope to learn about all the levels of production and the safety measures taken at each stage.

Please get back to us with a response and any requirement

Objective of Industrial visit—

1. Industrial visits provide the students with an opportunity to learn practically through interaction, working methods and employment practices.
2. It gives the students an exposure to current work practices as opposed to theoretical knowledge being taught at their college classrooms.
3. Industrial visits grant the students a great opportunity to interact with industries and know more about industrial environment.
4. Industrial visits are arranged by university for their respective students with an objective of providing them an opportunity to explore the different industry sectors like IT, manufacturing, services, finance and marketing.
5. Industrial visit helps students to combine their theoretical knowledge of business operations with the practical knowledge of its actual functioning.
6. Industrial realities are opened to the students through industrial visits.

Major Learnings-

On arrival at the plant, Ms. Sania, representative of Yakult – Danone, explained through a power point presentation about the origin of the company, Yakult-the importance of the Probiotic Drink, the Production Process, Marketing and Distribution of the Product. During the visit, the students visited various Production and Manufacturing Units like Seed Room, Culture & Mixing Room, Quality Control, Bottle Molding, Machine Room, Packaging Room and Quality Checking.

In 1930 Dr. Minoru Shirota, a Japanese scientist, was the first in the world to isolate and culture a probiotic strain which reached the intestines alive in large numbers and imparted health benefits to the host. He used this strain to make Yakult, a fermented milk drink, so as to reach the benefits of the strain to people at large. The flagship product Yakult contains over 6.5 billion beneficial bacteria *Lactobacillus casei* strain Shirota which have proven health benefits. It helps improve digestion and helps build Immunity. It has been scientifically proven to be safe and effective.

The industrial visit supplemented and enhanced classroom learning and getting hands on technical knowledge.
