

Press Release

Name of Event: Say NO to plastic

Date: 27/09/2018

Date: 27/09/2018

Subject: Say NO to plastic

Respected Sir,

"Join the Movement: Say NO to Plastic"

In a concerted effort to combat environmental degradation and promote sustainable living, Invertis University proudly announces the launch of the "Say NO to Plastic" campaign on 27/09/2019. This initiative is aimed at raising awareness and encouraging responsible practices to reduce the usage of single-use plastic in our daily lives.

Plastic pollution has reached alarming levels, posing a severe threat to our planet's ecosystems, wildlife, and human health. From oceans choked with plastic debris to landfills overflowing with non-biodegradable waste, the detrimental impacts of plastic are indisputable.

The "Say NO to Plastic" campaign seeks to engage individuals, communities, businesses, and policymakers in a collective mission to minimize plastic consumption. By advocating for the reduction of single-use plastics and promoting eco-friendly alternatives, this movement aims to bring about tangible, positive changes in our environment.

Throughout this campaign, Invertis University will conduct a series of educational programs, workshops, and community events to inform and empower people with practical solutions to limit their plastic footprint. Additionally, partnerships will be formed with local businesses to promote the use of biodegradable packaging and reusable alternatives.

Thank you for your support.
