

OUR VISION

The vision of the National Service Scheme (NSS) at Invertis University is to create a socially responsible, compassionate, and empowered student community dedicated to the holistic development of society. We aspire to instil a spirit of selfless service, leadership, and civic responsibility in each volunteer, guiding them to become agents of positive change in their communities and beyond.

Through community engagement, skill-building programs, and active participation in social issues, our NSS unit envisions fostering empathy, unity, and resilience in our students. We are committed to nurturing well-rounded individuals who are prepared to address real-world challenges, promote sustainable practices, and contribute meaningfully to national development.

By embedding the values of "Not Me, But You," we strive to build a generation that prioritizes the well-being of others, promotes inclusivity, and upholds the ideals of a socially conscious and progressive India.
