## Overall observations:

1. Improve lab facilities like shortage of chemicals, equipments.
2. Library needs to be updated with latest editions of books and new genres.
3. Scholarship should be given on the basis of marks.
4. More areas for water supplying.
5. Improve the internet services because it's time for digitalization and university should support in that.
6. Everything is on to the point. There's no need of any such particular improvement.
7. Projector is not working in some classes.
8. The facilities are almost present in the campus but it would be appreciated if the facilities are provided easily without any delay and inconvenience.
